Enclosed is an amended return for 9/30/07. I inadvertently put Paul W. Weida's contribution to the Black and Veatch Good Government Fund PAC. The contribution was a primary contribution from Paul W. Weida not from Black and Veatch Good Government PAC. This will change the election cycle to date totals on all the following reports for individuals and PACs so I have amended all the following report summaries.

Also on the 09/30/07 report, Donna Vanier's contribution of \$200 was put to the unitemized total and it should be included in the itemized totals.

Respectfully,

Debby Kaiser
